## **From The Prez...**

May's drive-and-eat was another smashing hit in a beautiful time of the year. The Wilson's, Joni and Grady, led us to the historic town of Peabody to eat at the Turkey Red Cafe, named after the Turkey Red wheat brought over from Russia by German immigrants. The food was excellent, the company even better, and everyone left feeling good about themselves. I failed to take a count of both the number of plastic cars or the people who went, but it was a sizeable number again. Of course, all the Corvettes parked on the main street of a small town creates a stir. Even the Peabody

police got involved the night before, finding the owner of the restaurant so that Joni could verify that they remembered we were coming. After the meal, about half just stood on the street drinking in the atmosphere of a wonderful Kansas town, while the other half visited two antique stores. The down side as always was driving home, knowing another month would have to pass before we could do it again. Daryl Burbach  
There was no Eboard this month.  
President Daryl Burbach

## **June 9th. Drive & Eat**

Note Date Change for This month

**Meet in the parking lot  
south of the  
Ice Sports Wichita  
Skating Rink  
505 W. Maple.**

**Hosted By:  
John & Connie Fitzgibbons**

**Group Leaves Promptly at 6:30 PM**

Note Time Change for This month

**All Wheels Day for 2001 is June 10th.**

## Minutes of ACCC meeting on May 2, 2001

Meeting was called to order by President Daryl Burbach at 7:00 pm.

Minutes of the April meeting were approved.

Larry Roth advised that the NCCC Governors meeting was the week end of May 5th in St Louis.

Daryl Burbach advised that the request for Corvettes for the River Festival Parade had been withdrawn.

Advised anyone going to the Lone Star Corvette Classic in Dallas, Texas to get with Rex & Candy Corbin.

A vote was taken on the proposed ACCC point structure and was passed.

Daryl Burbach advised he had been contacted about the ACCC sponsoring an event in Eureka Springs in 2002. A motion was made and passed to sponsor an event. It is unknown at this time

what event. Depending on the event, we may be assisted by another club.

The May drive & eat will be on the 12th. Meet at the Air Cap Truck stop and leave at 630 PM.

The June drive & eat will be on Saturday June 9th. Recommended a full tank of fuel.

Daryl Burbach stated he knows of a black '84 Corvette that is for sale, \$7500.00.

Larry Roth won the 50/50 pot.

Doug & Mary Mehl won the door prize.

NOTE: Don Hattan Chevrolet will be moving the vehicles off of the front row of their lot. They request that we park our Corvettes on the front row when we attend our meetings. Advised that will also keep us off of the gravel.

Secretary Gary Henderson

## New Corvettes are 'babelicious'

employee perk  
By Carrie Johnson  
Washington Post

WASHINGTON -- Last Christmas, as fledgling technology companies in the Northern Virginia suburbs melted like snowflakes, businessman John McEwan made a spirited announcement.

Every employee at the headquarters of McEwan's Technology Advancement Group Inc. who followed his lead and leased a new Chevy Corvette would receive \$500 a month to help pay for the sports car.

Employees had to agree to a few restrictions: They must use the cars to commute to the office. They must display special license plates bearing the company's name and keep the fiberglass-bodied beauties clean. Three employees so far have jumped at the deal, and a fourth has a car on order. The company pays the full lease costs for a vice president.

"The economy, as you know, is not doing too well," McEwan said. "This is the least we can do to

help. ... It makes people feel good about themselves."

McEwan has a simple answer to the essence of his longtime devotion to the Corvette: "Are you kidding me? It's babelicious."

The company's crowded parking lot is close to running out of space for minivans and sedans. But McEwan refuses to budge on his edict that spots for the gleaming Corvettes be extra wide, lest the cars suffer unsightly scrapes. As for the handful of employees who requested the car subsidy be extended to Mercedes-Benzes or BMWs, it's not going to happen.

"This is a private company," McEwan said with a smile. "There are some perks to that." Plenty of

other companies revved up plans to offer their workers free or low-cost vehicles in the past three years. Some of those stunts, born of the difficulty in catching and keeping prized employees during a tight labor market, are now on the wane, as are the fortunes of some of the companies that offered them.

McEwan figures the car allowance adds up to a \$6,000 annual bonus for each worker who takes him up on his offer -- a small price to pay for job satisfaction.

"If you can actually have somebody stay with a company (for \$6,000 per year), it makes sense," McEwan said. "But really, I just like Corvettes."
